General Instructions

The Form B-A-102, Monthly Vapor and Alternative Nicotine Products Excise Tax Return is required to be filed by wholesale dealers and retail dealers who first acquire, receive, or handle vapor and alternative nicotine products in this State. Transactions for other tobacco products (excluding vapor and alternative nicotine products) must be reported on Form B-A-101, Monthly Other Tobacco Products Excise Tax Return (excluding vapor and alternative nicotine products).

This return and payment (if applicable) are due on or before the 20th day of the month following the month in which the taxable sales and other activities occur. A return must be filed even if no tax is due. A return is filed when it is received by the Department or postmarked by the due date. If the due date falls on a Saturday, Sunday, or state holiday, the return and payment must be received by the department or must be postmarked on the next business day. This also applies to returns when no tax is due.

If the return and full payment are not submitted timely, the discount deduction will be disallowed. A failure to file penalty will be assessed when returns are not received by the due date of the return, based upon the amount of tax due on the return. A penalty of five percent (5%) per month (up to twenty-five percent (25%) maximum), will be assessed for each month the return is late. A failure to pay penalty of five percent (5%) of the amount of tax due and not paid will be assessed when the payment is not received by the due date of the return. In addition, interest will be charged at a daily rate from the date the tax is due until the date the tax is paid. The interest rate is subject to change every six months; therefore, the rates should be verified on the Department's website at the following address: ncdor.gov.
