General Information

Section 105-449.106(a) of the General Statutes provides for a refund of the road tax on motor fuels for volunteer fire departments, volunteer rescue squads, sheltered workshops, and private, nonprofit organizations transporting passengers under contract with or at the express designation of a unit of local government.

Applications for refund from volunteer fire department, volunteer rescue squad or sheltered workshop must be affirmed by the chief, president, or other duly designated officer or agent. Applications from private nonprofit organizations must be signed by the chief operating officer or manager.

Fuel receipts are required to be submitted along with the first refund application. The Department will not require fuel purchase invoices to be submitted for each refund application thereafter but reserves the right to require invoices with refund returns in the future. You must retain the fuel purchase invoices with your records in the event you are audited. Motor fuels purchased and sold to employees, members, returned to vendor, or used for other than official use are not eligible for refund.

G.S. 105-449.108(d) disallows a claim for refund filed more than three years after the date the claim is due. The Post Office postmark is accepted as the date the claim is filed.
