A North Carolina Gift Tax Return is required if you transferred property (real or personal) without receiving consideration equal to the *fair market value* of the property and the fair market value exceeds the consideration paid by the **annual exclusion amount**. **The annual exclusion amount is equal to the federal inflation-adjusted amount provided in section 2503(b) of the Internal Revenue Code.** (For tax years prior to 2002, the annual exclusion amount was \$10,000.) The annual exclusion amount minimum *does not apply*, however, to gifts of future interest. North Carolina Gift Tax returns are required of nonresidents when the gift is real estate or tangible personal property located or having a tax situs in North Carolina. Complete the **Schedule of Gifts** on pages 2 and 3 and the **Computation of Tax Schedule** on page 4.

Due Date: This return must be filed on/or before April 15th following the close of the calendar year in which the gift is made.

Consent of Spouse

Important: If you are claiming the annual exclusion of your spouse for gifts made during the calendar year, complete this section. Your spouse must sign in the appropriate space below. (See instructions for **Consent of Spouse** on page 2.)

1. Name of spouse _____
2. Were you married when gift was made? Yes No
3. Were both you and your spouse residents of North Carolina when gift was made? Yes No
4. If the answer to # 2 or # 3 is no, the exclusion cannot be claimed.
5. You cannot claim your spouse's annual exclusion unless the return is timely filed.
6. Will a gift tax return for this calendar year be filed by your spouse? Yes No

I consent to allow my spouse to claim my annual exclusion for the calendar year for gifts made to third parties. Any exclusion claimed by my spouse for the calendar year will not be claimed on any gift tax return filed by me.

Signature of Spouse _____ Date _____

Instructions

- The description of real estate should include acreage, location, allotments, and acres cleared (col. 4). Attach a copy of the deed(s) and a copy of any appraisal(s) which may have been made.
- When the gift is of a closely-held stock, a balance sheet of the company as near the date of gift as possible and a summary of net income for the preceding five years are required. Also, outline the basis on which the value shown in this return was determined (col. 5).
- When gifts are made in trust or otherwise controlled by agreements, a copy of the signed agreement is required.
- The **annual exclusion** (col. 6) does not apply to transfers where the donee's use, possession, enjoyment, or income of the property will not begin until some future time.
- **Consent of Spouse** - When a gift is made by one spouse to a person other than the donor's spouse, the donor may elect to claim both the donor's annual exclusion and the spouse's annual exclusion provided both spouses consent to the election and both spouses are residents of this State when the gift is made. Any portion of the consenting spouse's annual exclusion not claimed by the donor may be claimed by the consenting spouse. Consent to share annual gift tax exclusions shall be made in writing on a timely filed gift tax return. The election to share annual exclusions is irrevocable. The consent of both spouses must be shown on the return where the exclusions are claimed. Additional exclusions will not be allowed unless the **Consent of Spouse** on the front of the return has been completed. The personal representative for the estate of a deceased spouse, or the guardian of a legally incompetent spouse, may sign the consent.

Fair Market Value at Time of Gift	Annual Exclusion (Not Applicable to Future Interests)	Gross Value of Gift for the Year Subject to Taxation to Each Donee (Col. 5 minus Col. 6)	Specific Exemption Claimed for Calendar Year	Net Value of Gifts for the Year Subject to Taxation to Each Donee	Net Value of Gifts on which Tax has been Paid Since 12-31-47	Total Taxable Gifts (Col. 9 Plus Col. 10) (Also Enter the Amounts for Each Donee in Col. 1 of Computation of Tax Schedule on Page 4.)

Instructions

- The **specific exemption** is limited to a total of \$100,000 in value of taxable gifts made to Class A donees during the lifetime of the donor. This exemption does not apply to Class B or Class C donees. The exemption allowable for the calendar year must be prorated among all Class A donees receiving gifts. The amount of exemption allocated to each donee is in the same ratio as the taxable value he or she receives bears to the total gifts to Class A donees during the year (col. 7).
- Gifts made to a spouse are not subject to gift tax. However, such transfers should be reported for information purposes if they exceed the amount of the annual exclusion.
- **Extensions** - If the return cannot be filed by April 15, you may apply for an automatic 6-month extension of time to file the return. To receive the extension, you must file **Form D-410G, Application for Extension for Filing Gift Tax Return**, by the original due date of the return.
- **Penalties** - If the return is not filed by April 15, a late filing penalty of 5 percent of the tax (maximum 25 percent) is due for each month, or part of a month, the return is late. If the full amount of tax is not paid by April 15, a late payment penalty of 10 percent of the unpaid tax is due (minimum \$5.00).
- **Interest** - Interest on any unpaid tax begins to accrue on April 16th of the year the return is due.

Instructions (continued)

- **Computation of Tax** - Determine the amount of tax by completing the **Computation of Tax Schedule** below. The amount of tax for each donee is based on the relationship of the donee to the donor. Use the applicable **Tax Rate Schedule** to compute the amount of tax for each donee and enter the amount in column 2 of the **Computation of Tax Schedule**. **Example:** John Smith is a Class A donee with total taxable gifts of \$38,000. To compute the total tax, use the **Tax Rate Schedule** for Class A donees, find the \$25,000 - \$50,000 line, and make the following computation: (\$38,000 - \$25,000 = \$13,000 x 3% = \$390 + \$400 = \$790 Total Tax)
