STATE SALES AND USE TAX STATISTICS  
FOR FISCAL YEAR 2021-2022

This report contains the following tables:

1. State Sales and Use Tax Gross Collections and Taxable Sales by Counties and by Major Business Groups
2. State Sales and Use Tax Gross Collections and Taxable Sales by Types of Businesses
3. State Sales and Use Tax Gross Collections and Taxable Sales by County Summary

As a full member state in compliance with the Streamlined Sales and Use Tax Agreement, North Carolina does not require taxpayers to report gross retail sales by business location. In this report, remittances of State sales and use taxes collected on combined taxable sales and purchases for use are categorized by a taxpayer-selected business classification and allocated to counties according to county sales and use tax liabilities. These State tax collections are reported by the month and fiscal year for which the Department processed complementary county tax collections, which are sourced according to statute to presumed destination of use, rather than point of sale.

**NOTE:** State sales and use tax statistics do not include county sales and use taxes. Data are by-product data compiled during the processing of forms and remittances submitted by taxpayers required to register for, collect, and remit sales and use taxes.
