## MONTHLY REPORT OF STATE SALES AND USE TAX GROSS COLLECTIONS AND TAXABLE SALES

Data are compiled from reports and remittances made by taxpayers, and are classified according to sales and use tax registration numbers. Detail data from this report may not be directly comparable to that in reports for other months because of corrections in registration numbers affecting collections and taxable sales within the business, county, and city classifications, and changes in the sales and use tax law. **NO** county sales and use taxes are included in this report.

<sup>\*</sup> Gross collections reported during the month of November 2008, including collections of penalties, interest, and sales and use tax.

Monthly sales and use tax reports are not comparable to monthly reports for periods prior to July 2005. In Fiscal Year 2005-06 the Streamlined Sales Tax Agreement required a change in the Sales & Use Tax return so that not all taxpayers report Gross Retail Sales. Beginning with the report for July 2005, we report only Gross Collections and Taxable Sales.

<sup>♣</sup> Amounts shown are total taxable sales reported on sales and use tax returns submitted during November 2008. Data reflect sales primarily in October 2008, but may include sales from prior periods.

Sales not tabulated.

<sup>&</sup>lt;sup>1</sup> Estimated population as of July 1, 2006, prepared by the Office of State Budget and Management.

Monthly sales and use tax reports are not comparable to monthly reports for periods prior to July 2005. In Fiscal Year 2005-06 the Streamlined Sales Tax Agreement required a change in the Sales & Use Tax return so that not all taxpayers report Gross Retail Sales. Beginning with the report for July 2005, we report only Gross Collections and Taxable Sales.

<sup>\*</sup> Gross collections reported during the month of November 2008, including collections of penalties, interest, and sales and use tax.

<sup>♦</sup> Amounts shown are total taxable sales reported on sales and use tax returns submitted during November 2008. Data reflect sales primarily in October 2008, but may include sales from prior periods.
