Detail may not add to totals due to rounding.

Texas imposes a franchise tax of 4.5% of earned surplus or 2.5 mills of net worth. Nevada, Washington, and Wyoming do not levy state corporate income taxes.

Per capita tax collection amounts are computations based on July 1, 2005 population estimates of the Bureau of the Census.

*Includes general sales tax, use tax, gross income and gross receipts taxes, but excludes excise taxes levied on specific commodities and services.

**Includes the following taxes as applicable: property, general sales and gross receipts, selective sales, licenses, individual and corporation income taxes, death and gift, documentary and stock transfer, severance, and other taxes.

Data for some states include state-collected local sales tax. North Carolina sales tax data include \$14,402,267 retained by state to pay for the costs of collecting and distributing local sales taxes.

^aWeighted average computations based on tax collection totals and population for the 46 states levying a corporation income tax.
