Detail may not add to totals due to rounding.

The 1990 General Assembly rewrote § 105-163.1 to adopt the federal definition of wages subject to income tax withholding and to require employers who average withholding income tax of \$2,000 or more per month (accelerated filers) to file withholding tax reports and remit the tax in accordance with federal guidelines. (Effective <u>January 1, 1991</u>) In an attempt to simplify the payment of withheld taxes, the Internal Revenue Service adopted new regulations effective <u>January 1, 1993</u>, requiring accelerated filers to pay the withheld taxes semi-weekly instead of every three banking days. (Employers were not required to adopt the new system until January 1, 1994.)

Effective <u>January 1, 2002</u>, § 105-163.6(b) was amended to require an employer who withholds an average of less than \$250 of State income taxes from wages each month to file a return and pay the taxes on a quarterly basis; § 105-163.6(c) was amended to require an employer who withholds an average of at least \$250 but less than \$2,000 from wages each month to file a return and pay the taxes on a monthly basis. The amendments lowered the threshold for distinguishing quarterly filers from monthly filers from \$500 to \$250; approximately 70,000 taxpayers were converted from quarterly filers to monthly filers.

## 2004-05 Voluntary Compliance Program

Limited amnesty was granted as result of a court case to corporate and individual taxpayers who had engaged either in tax strategies causing income that would otherwise be taxable in North Carolina to be shifted out-of-state, or in other tax shelters eliminating or minimizing their tax burden. Individual income tax collections include \$51,229,050 attributable to this program.

2006-07 Collections include \$9,333,335 attributable to a Settlement Initiative launched during 2006 focused on corporate and individual taxpayers who had improperly utilized certain tax strategies which minimized the taxpayer's North Carolina tax burden.
