Detail may not add to totals due to rounding. Refer to Tables 63, 65, and 75 for details of county levies and to Tables 63, 66, and 76 for details of municipal levies.

The table summarizes various tax levies applicable to local governments without regard to the governmental entity responsible for authorizing or administering the tax. County, district and township, and municipal property taxes are set by the respective local government jurisdictions; some levies are authorized by the General Assembly with optional election of adoption by local governments, while other levies represent the local governments' statutory shares of taxes levied and administered by the State. Amounts of State aid (reimbursements paid to local governments for lost revenue) are not included.

The 2001 General Assembly enacted Article 44 (Third One-Half Cent (1/2¢) Local Sales and Use Tax) authorizing counties to impose an additional 1/2% levy, setting July 1, 2003 as the earliest effective date of the levy. The 2002 General Assembly advanced the earliest effective date to December 1, 2002; counties imposed the additional 1/2% levy as follows: seventy-eight (78) effective December 1, 2002; eleven (11) effective January 1, 2003; and finally, eleven (11) effective July 1, 2003. The 2007 General Assembly enacted Article 46 (One-Quarter Cent (1/4¢) County Sales and Use Tax) authorizing counties to impose additional 1/4% local sales and use taxes. In accordance with legislative provisions, counties adopted resolutions to levy the additional 1/4% sales and use tax as follows: six (6) counties effective April 1, 2008; and two (2) counties effective October 1, 2008.

\*License taxes, local land transfer taxes, occupancy taxes and meals taxes are collections reported by local governments for the preceding fiscal year.

Municipalities received \$9,704,764 in distribution proceeds from the telecommunications tax that became effective January 1, 2002; the distribution amount was based on tax collections for less than a full year due to the date of implementation.

- c Legislation became effective authorizing counties with either no incorporated areas or one incorporated municipality consisting of less than 100 acres within the county with land area primarily located in another county to receive a share of the distributable proceeds of utility franchise, piped natural gas excise, and telecommunications taxes.
- d Effective <u>January 1, 2007</u>, cable television franchise taxes paid by cable service providers to local governments were repealed; concurrently, legislation authorized a payment from the State to local governments as replacement for the taxing authority. § 105-164.44I authorizes a quarterly distribution to counties and municipalities of portions of the State sales taxes imposed on telecommunications and video programming services. Due to the January 1, 2007 effective date of the legislation, local governments received a single quarterly distribution during fiscal year 2006-07. The initial distribution in June 2007 was based on tax collections for the quarter ended March 31, 2007.
