Source: 2014 and 2013 individual income tax extracts. Statistical summaries are compiled from personal income tax information extracted from D-400 forms processed within the DOR dynamic integrated tax system; the extract is a composite database consisting of both audited and unaudited (edited and unedited) data that is subject to and may include inconsistencies resultant of taxpayer and/or processing error.

County designation is based on the address reported on the North Carolina D-400 return at the time of filing. The D-400 form reported address may be that of the taxpayer, taxpayer's accountant, attorney, tax preparer, or other designee. The address reported on the D-400 return at the time of filing may not reflect the taxpayer's county/location of residence during the previous calendar (income) year for which the return is filed.

Out-of-state taxpayers include nonresidents, part-year, and full-year residents who filed the D-400 form using a non-North Carolina address; similarly, specific county designation data may include information attributable to nonresident and part-year resident taxpayers who did not reside in the county during the previous calendar (income) year, but who filed the D-400 form using a North Carolina address.

SL 2013-316, (HB998), An Act to Simplify the NC Tax Structure and to Reduce Individual and Business Tax Rates (enacted July 23, 2013) establishes a flat rate structure [5.8% rate for tax year 2014] to replace the multitiered bracket system (utilized tax rates of 6%, 7%, and 7.75% with breaking points delineated according to filing status and taxable income); increases the NC standard deduction amount; redefines and limits allowable itemized deductions; eliminates the personal exemption allowance provision; increases the allowable child tax credit for certain taxpayers; and either eliminates or allows to sunset other tax credits applicable to the personal income tax.
