

EDI Technical Specifications Form Year 2023

The following pages specify our translation requirements for the 813 transaction set, Version 4010, for the North Carolina Sales and Use Tax Return. Note that some segments and data elements that may be optional in the ANSI X 12 standards are mandatory in the NC layout. This means that we require this information and it must be present in the transaction set to be a valid tax return. If required segments or required information within segments are missing, the 813 record will be rejected. Even if you are not an expert on EDI standards, you should be able to set up your software so that it can create an acceptable 813 transaction set by following the specifications on the next few pages. However, it is strongly recommended that you have some general familiarity with EDI and X12.

NOTES:

1. There are two “loops” within the detail portion of the transaction set.
 - a. The outer loop, called the “TFS loop” carries the tax return information for a specific sales tax account for a specific filing period. If a return is submitted for just one period, then the 813 will have only one TFS loop. If a return is being submitted for multiple periods, then the 813 will have one TFS loop for each filing period.
 - b. The inner loop, called the “FGS loop” carries tax information associated with specific North Carolina sales tax documents (i.e., E-500 or E-536). You must **always** include one, and only one, FGS loop labeled “E500” in each TFS loop when you are transmitting sales and use tax return information. All taxpayers are required to file a county breakdown form (E-536), each TFS loop must include one FGS loop, labeled “E536” for each county in which the 2% county tax was collected and for each of the counties subject to the 2.25% county tax rate.
 - c. All loops must end with a back slash (/).
2. All segments are required, unless designated otherwise.

NOTES:

1. All dollar amounts must be dollars and cents.
2. The tilde (~) is used to separate data elements within a segment. Whenever there is an unused data element within a segment, you must insert an additional tilde to indicate the unused data element.

When programming the EDI format for the E-500 (Sales and Use Tax Return) accompanied by the E-536 (Schedule of County Sales and Use Tax), we require that the following conditions be met:

1. Line 4 - General State Rate: Effective July 1, 2011, the State levies a 4.75% general rate of tax on the sales price of taxable tangible personal property, services, or digital property that is sold at retail and is not subject to a reduced rate of tax.

Items subject to the general State rate are also subject to the applicable local sales and use tax rate. See instructions for Lines 9 through 12 for more information.

2. Line 6 – Effective for filing periods January 1, 2014 and forward, E-500 line 6 - Modular Homes rate changes from 2.5% to 4.75%.
3. Line 7 – Effective for filing periods January 1, 2014 and forward, E-500 line 7 - Manufactured Homes rate changes from 2.0% to 4.75%.
4. Line 8 - The 2% Food Tax on the E-536 should equal line 8 on the E-500. Use a county of 101 if supplying this value.
5. Line 9 - The 2% County Rate Tax column on the E-536, effective 4/1/2013 applies to 75 counties, should equal line 9 on the E-500.
6. Line 10 - The 2.25% County Tax Rate; Rate = .0225, line 10, valid for the following 47 counties:

Effective October 1, 2022, the following county: Alleghany (003) levied an additional 0.25% tax resulting in the 2.25% county rate. The Department will notify taxpayers if any additional counties levy the additional 0.25% tax.

Effective October 1, 2020, the following counties: Chatham (019), Madison (057) levied an additional 0.25% tax resulting in the 2.25% county rate. The Department will notify taxpayers if any additional counties levy the additional 0.25% tax.

Effective April 1, 2020, the following counties: Bertie (008), Forsyth (034) levied an additional 0.25% tax resulting in the 2.25% county rate. The Department will notify taxpayers if any additional counties levy the additional 0.25% tax.

***For counties with rate change announcements prior to tax year 2020, please see Appendix.**
