* This is the combined tax rate of the Municipality and County only. While there may be other levies included from the School District Levies or the Other District Levies in the Total Levies from all Jurisdictions, the tax rates associated with districts do not always cover the entire Municipality and thus were omitted from the total tax rate. An example of this would be a Downtown Municipal Service District - this tax rate is only applied to a portion of that Municipality.

**Rates have not been provided for school and other district levies because there are situations where these levies may not apply to the entire municipal area and instances where a municipality may have multiple districts. School and other district rates are reported on the County and Municipal Property Rates and Year of Most Recent Reappraisal Report on the NCDOR Website.

***Please note that the "All Reporting Municipalities" totals will not match the detail when summed, as the totals for municipalities that are in multiple counties are presented with the counties where they are located.
