Instructions for Form NC-5PX
Amended Withholding Payment Voucher
For Semiweekly Payers

Form NC-5PX is to be used by semiweekly payers who underpaid the tax for a previous period. If you discover that you underpaid the tax for a previous period, complete Form NC-5PX and include the tax and interest with the voucher. If you overpaid the tax withheld for a prior payday, you may reduce the payment of the tax withheld for a subsequent payday by that amount, if both paydays are in the same quarter. If you do not make an adjustment for the overpayment during the quarter, the overpayment will be reflected on Form NC-5Q, Quarterly Income Tax Withholding Return.

Be sure to enter the date the compensation was paid. Also enter the legal name, account ID, and Federal Employer Identification Number (FEIN) or Social Security Number (SSN). Use capital letters when entering the legal name and address.

Please do not fold, staple, tape, or paper clip the voucher or payment.

Use blue or black ink to complete the voucher.
Make check payable in U.S. currency to N.C. Department of Revenue.
Cut return on line below and mail it with your payment to the address on the return.
