A) The share of each certified PEG channel that North Carolina counties and cities receive is one-fourth of the sum of $4,000,000 and the amount of any funds returned to the Secretary in the prior fiscal divided by the number of certified PEG channels [G.S. 105-164-44I(b)]. A qualifying PEG channel is one that meets the programming requirements under G.S. 66-357(d). A county or city must certify to the Secretary by July 15 of each year the qualifying PEG channels it operates. A county or city may not receive PEG channel support for more than three qualifying PEG channels. The money distributed to a county or city for PEG channel support must be used by it for the operation and support of PEG channels. The term "PEG channel" means "A public, educational, or governmental access channel provided to a county or city." [G.S. 66-350].

B) According to G.S. 105-164.44J(c), a county or city must use the supplemental PEG channel support funds distributed to it for the operation and support of each of the qualifying PEG channels it certifies by allocating the amount it receives equally among each of the qualifying PEG channels. A county or city must distribute the supplemental PEG channel support funds to the PEG channel operator of the qualifying PEG channel within 30 days of its receipt of the supplemental PEG channel support funds from the Department, or as specified in an inter-local agreement. If a qualifying PEG channel has more than one PEG channel operator, the county or city must distribute the amount allocated for that PEG channel equally to each PEG channel operator, or as specified in an inter-local agreement.

C) North Carolina counties and cities receive a quarterly distribution of their proportionate share of each of the following three taxes, minus $1,000,000 per quarter for Supplemental PEG Channel Support, to replace local cable television franchise taxes repealed as of January 1, 2007 [G.S. 105-164.44F(a) and G.S. 105-164-44I(a), (b)]:

1) 7.70% of the net proceeds of the State Sales Tax on Telecommunication Services
2) 23.60% of the net proceeds of the State Sales Tax on Video Programming Services, other than on Direct-to-Home Satellite Service
3) 37.10% of the net proceeds of the State Sales Tax on Direct-to-Home Satellite Service

A county's or city's proportionate share is based on its certified amount of revenue from cable franchise fees and PEG channel subscriber fees for the first six months of FY06-07 compared to the statewide total of those revenues. The proportionate share for counties and cities that had no cable revenues during this time is based on an amount equal to $2 per capita [G.S. 105-164-44I(c)]. Proportional shares are adjusted each fiscal year by changes in certified populations estimated by the State Budget Officer [G.S. 105-164-44I(d)]. For the purposes of this distribution, the population of a county is the population of its unincorporated areas plus the populations of any ineligible cities in the county [G.S. 105-164-44I(g)].

D) For questions concerning the breakdown of the amount distributed, please contact the Distribution Unit at (919) 814-1118.
