Motor Fuels Claim for Refund

Nonprofit Organizations

General Information

Section 105-449.106(a) of the General Statutes provides for a refund of the road tax on tax-paid motor fuels used by volunteer fire departments, volunteer rescue squads, sheltered workshops recognized by the Department of Health and Human Services, and private, nonprofit organizations transporting passengers under contract with or at the express designation of a unit of local government.

Claims for refund from a volunteer fire department, volunteer rescue squad or sheltered workshop recognized by the Department of Health and Human Services must be affirmed by the chief, president, or other duly designated officer or agent. Claims for refund from private, nonprofit organizations must be signed by the chief operating officer or manager.

Fuel receipts or invoices are required to be submitted along with the first refund claim. The Department will not require fuel receipts or invoices to be submitted with subsequent refund claims, but reserves the right to require fuel receipts or invoices with refund claims in the future. You must retain the fuel receipts or invoices with your records in the event you are audited. Motor fuels purchased and sold to employees, members, returned to vendor, or used for other than official use are not eligible for refund.

G.S. 105-449.108(d) disallows a claim for refund filed more than three years after the date the claim is due. The Post Office postmark is accepted as the date the claim is filed.
